INDEPENDENT AUDITOR'S REPORT

We have audited the accompanying financial statements of Waterside Village of Palm Beach, Condominium Association Inc, which are comprised of the balance sheet as of October 31, 2019, and the related statements of revenues, expenses, and changes in fund balance and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Waterside Village of Palm Beach, Condominium Association Inc as of October 31,

2019, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America

Disclaimer of Opinion on Required Supplementary Information

Accounting principles generally accepted in the United States of America require that Supplementary Information on Future Major Repairs and Replacements on page 10 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Financial Accounting Standards Board, which considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

NOTE A – NATURE OF ORGANIZATION

Waterside Village of Palm Beach, Condominium Association, Inc., is a statutory condominium association incorporated in the State of Florida on September 16, 1988. The Association is responsible for the operation and maintenance of the common property of Waterside Village of Palm Beach, Condominium Association, Inc and consists of 412 units. One unit is used as the Association Office.

NOTE B – DATE OF MANAGEMENT'S REVIEW

In preparing the financial statements, the Association has evaluated events and transactions for potential recognition of disclosure through December 4, 2019, the date of Accountants' Report.

NOTE C – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Fund Accounting

The Association's governing documents provide certain guidelines for governing its financial activities. The Association prepares its financial statements on the accrual basis and presents them as separate funds based on its different funding policies for operations and capital replacements.

The *Operating Fund* reflects the operating assessments paid by unit owners to meet the regular recurring costs of operation. Expenditures of this fund are limited to those connected with the day-to-day operations and non-recurring unanticipated expenditures.

The *Replacement Fund* is composed of assessments paid by unit owners to meet the regular replacements, major repairs and purchases of additional commonly owned assets. Expenditures from this fund are restricted to those items for which assessments were levied.

Member Assessments & Assessments Receivable

Association members are subject to monthly assessments spread equally over all units, as provided in the condominium documents. These assessments provide funds for both the Association's operating expenses and their future capital acquisitions, major repairs and replacements. Assessments receivable at the balance sheet date represent fees due from unit owners. Assessments are recognized as revenue when they become due; they are deferred when collected in advance and become receivable if not collected when due. The Association's policy is to retain legal counsel and to place liens on the properties of unit owners

whose assessments become delinquent. Any excess assessments at year-end are generally retained by the Association for use in the succeeding year.

Revenue Recognition

Revenue from maintenance fees is recognized in the period to which it applies, and payments in advance are deferred to the appropriate future period.

Special Assessments

Special assessments are recognized as revenue when the funds are used for the purpose intended. Special assessment revenue is deferred if the expenditure has not yet been incurred.

Cash Equivalents

For purposes of the balance sheet and statement of cash flows, the Association considers demand deposits with banks, certificates of deposit, money market funds and any other highly-liquid debt instruments purchased with a maturity of three months or less or with no penalty for early withdrawal to be cash equivalents.

Allocation of Expenses

The responsibility for payment of common expenses is allocated equally among individual unit owners as set forth in the governing documents.

Income Tax

The Association qualifies as a tax-exempt homeowners' association under Internal Revenue Code Section 528 for the year ended October 31, 2019. Under that Section, the Association is not taxed on income and expenses related to its exempt purpose, which is the acquisition, construction, management, maintenance, and care of Association property. Net nonexempt function income, which includes earned interest and revenues received from nonmembers, is taxed at 30% by the federal government and at 5.5% by the State of Florida.

The Association's tax filings are subject to audit by various taxing authorities. At report date, the Association's federal income tax returns for 2016, 2017, and 2018 remain open to examination by the Internal Revenue Service. In evaluating the Association's tax provisions and accruals, the Association believes that its estimates are appropriate based on current facts and circumstances. The Association has zero income tax due for the year ended October 31, 2019.

Property and Equipment

The Association capitalizes all property and equipment to which it holds title or has other evidence of ownership. Real property and common areas acquired from the developer and related improvements to such property are not reflected on the Association's financial statements because those properties are owned by the

individual unit owners in common and not by the Association. Property and equipment are depreciated over the estimated useful lives of the assets using the straight-line method.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Fair Value Measurement

The Association's financial instruments consist primarily of cash, certificate of deposit, accounts receivable, accounts payable, insurance payable, and prepaid maintenance assessments. The carrying amount of these instruments approximate their fair value due to the short-term nature of such instruments.

Comprehensive Income

ASC 220 (formerly SFAS No. 130) requires "a full set of general purpose financial statements" to be expanded to include the reporting of comprehensive income. Comprehensive income is comprised of two components, net income and other comprehensive income. For the year ended October 31, 2019, there were no items that qualify as comprehensive income.

NOTE D – UNINSURED CASH BALANCES

The Association maintains accounts at multiple banks in Palm Beach County. Accounts located at each bank are secured by the Federal Deposit Insurance Corporation up to \$250,000. From time to time, the Association may have cash in financial institutions in excess of federally insured limits. As of October 31, the Association did not have any funds in excess of these limits.

NOTE E – INSURANCE DEDUCTIBLES

In compliance with the Association's governing documents and Florida statute, the Association maintains multiple types of insurance policies, including property, wind, flood, crime, directors & officers, liability and an umbrella policy. The policies have various deductibles, some of which are considerable (e.g. Wind). In the event of a disaster, the Association could be exposed to losses for damages in excess of insurance coverage limits, as well as the stated deductibles. Management considers the risk of loss to be remote and its insurance coverage adequate. Information on any of these policies is

available from the management office, or you may request a Certificate of Insurance from the Association's insurance agent.

NOTE F – LONG TERM CONTRACTS

In September 2019, the Board of Directors signed a 5-year contract with Packard Technologies for the equipment required for the Dish TV television services to the Association.

NOTE G – **BAD DEBT**

Associations are now facing an increased risk of bad debt write-offs due to the foreclosure market. Florida statutes currently state that in the event of a bank foreclosure, the bank is required to pay the Association the equivalent of twelve months regular maintenance or 1% of the original mortgage note, whichever is less. The remaining balance must be written off and absorbed by the Association. Bad debt provisions may not be sufficient to cover these losses.

The Association currently is including an estimate of bad debt in the operating budget to cover these potential losses. As of October 31, 2019, there is a provision in the amount of \$7,163. The provision is estimated based upon the balances of accounts delinquent more than three months.

In the event of a significant shortfall, the Association has the right, subject to member approval, to increase regular assessments, levy special assessments, or add the shortfall to the following year's budget.

NOTE H – FUTURE MAJOR REPAIRS AND REPLACEMENTS

The Association's governing documents require funds to be accumulated for future major repairs and replacements. Accumulated funds, which aggregate approximately \$1,170,810 at October 31, 2019, are held in a separate account and are generally not available for operating purposes. The Board of Directors conducted an informal study to estimate the remaining useful lives and the replacement costs of the common property and components.

The Association's members are fully funding for such major repairs and replacements. Actual expenditures, however, may vary from the estimated amounts and the variations may be material. If additional funds are needed, the Association has the right to increase regular assessments, levy special assessments, or delay repairs and replacements until funds are available.

The activity within the replacement fund for the year ended October 31, 2019 is presented as follows:

	Balance	PY Interest				Balance		
	10/31/2018	Additions	Iditions Alloc CY Interest Ex		Expense	Transfer	10/31/2019

Security Benefit	2.25%	10/18/2021	100,003
Total			\$200,007

NOTE K: **PROPERTY & EQUIPMENT**

As of October 31, 2019, the Association's fixed assets are comprised of the following:

Equipment	\$ 10,641
Maintenance Building	6,701
TV System	194,297
Condominium Unit	71,101
Mizner Road Land	96,916
Land	125,059
Total	\$ 504,714
Less: Accum Depr	(276,318)
Fixed Assets: Net	\$ 228,396

Included in Equipment is \$18,000 of personal property which was transferred to the Association by the developer on the date of turnover. Such property was recorded based on values provided by the developer.

The Association has decided not to capitalize any purchases of Property and Equipment, but rather to expense them in the year they occur, with the exception of Land Purchases.

SUPPLEMENTARY INFORMATION

WATERSIDE VILLAGE OF PALM BEACH, CONDOMINIUM ASSOCIATION, INC. SUPPLEMENTARY INFORMATION ON FUTURE MAJOR REPAIRS AND REPLACEMENTS (UNAUDITED)

The Association has not conducted an independent study to estimate the replacement costs and remaining useful lives of the components of common property. Instead, the Board of Directors conducts a review of the estimate of the remaining useful lives and the replacement costs of the components of common property each year as part of the budget preparation process. Replacement costs were based on the estimated costs to repair or replace the common property components at the date of study. Actual expenditures may vary from these estimated amounts and the variance may be material. Therefore, amounts accumulated in the replacement fund may not be adequate to meet all future needs. If additional funds are needed, the Association has the right to increase regular assessments, pass special assessments, or delay major repairs and replacements until funds are available.

The following information is based on the study and presents significant information about the components of common property (amounts are rounded to the nearest dollar).

	Estimated	Estimated Remaining Useful Life	Estimated Replacement	Component Fund Balance,	19/20 Required Minimum
Components	Life (years)	(Years)	Costs	10/31/19	Funding
